

MONTE ROSSA
FRANCIACORTA

Coupé®

NON DOSATO

This wine has an evocative name reminding you an imaginary world made up of passion, style, and thoughtlessness, these are feelings that the new pas dosé wine from Monte Rossa promises to give to the one who chooses it without neglecting its origins ; in fact the word COUPE comes from the French verb «Couper» meaning «To cut» a concept that in the enological world is summarized in the term Cuvée.

ORGANOLEPTIC FEATURES

Its colour is a bright, straw-yellow one with the reflections of the lime peel, the Coupé gives off a mild and gentle smell of elder flower and white peach. It evolves in the glass revealing vegetal and sea touches with the final taste of fresh almonds. The contrast between the creamy taste, the perlage balance and the whipping freshness impress the taste, finally it is sapid and balsamic.

FEATURES OF THE VINEYARD

PRODUCTION AREA:

The production area is: Franciacorta Docg, Morenic Hills of the following villages: Bornato, Brescia, Cellatica, Erbusco, Monterotondo, Provaglio, Provezze, Cologne, Passirano, Adro.
