

MONTE ROSSA

FRANCIACORTA

SANSEVÉ SATÈN BRUT

Satèn is a registered name of the Franciacorta Consortium and corresponds to a production protocol involving the exclusive use of white grapes, an atmospheric pressure of less than 4.5 atmospheres, a maximum sugar content of 12 grams/litre and a minimum ageing on the lees of 24 months. The combination of these four elements results in a soft and enveloping wine that evokes the pleasantness of silk. Sansevè - a term derived from ancient Gaelic meaning "cheers!" - is the Monte Rossa's Satèn Brut, its name evoking the personality that makes it particularly suitable for convivial moments.

ORGANOLEPTIC CHARACTERISTICS

Brilliant green-gold colour; citrusy cedar nose with iodine and brackish nuances. Closure of green olive and hints of wild rose. Taut mouthfeel with dense, compact and elegant bubbles. Salty, pink grapefruit finish. Impressive for its intense closure and mouthwatering drinkability.

FEATURES OF THE VINEYARD

AREA OF PRODUCTION:
Franciacorta Docg, Morainique Hills around the villages of Bornato, Brescia, Cazzago San Martino, Passirano, Adro, Iseo, Rodengo Saiano.
